INTRODUCTORY NOTE

The Monthly Bibliography - Part I - **Books, Official Documents, Serials** is a publication prepared by the United Nations Library in Geneva and is now one of the products of the United Nations Bibliographic Information System (UNBIS) in the framework of the UNBIS network.

The Monthly Bibliography serves as the Library's monthly acquisitions list as well as a current awareness list of materials relevant to the work programmes of the United Nations Office at Geneva. Users interested in United Nations documents and publications should consult **UNDOC: Current Index.**

The Bibliography provides full bibliographic description with each citation in accordance with accepted international standards such as the Anglo-American Cataloguing Rules, 2nd edition, 1978 and the International Standard Bibliographic Description (ISBD).

The list of citations is followed by three indexes: a personal and corporate author index, a subject index which includes geographical terms and a title index.

NOTE D'INTRODUCTION

La Bibliographie mensuelle - Partie I - **Livres, documents officiels, publications en série** est une publication établie par la Bibliothèque des Nations Unies à Genève. Elle est, à partir du numéro de mai 1987, l'un des produits du Système d'information bibliographique automatisé de l'ONU (UNBIS).

La Bibliographie mensuelle signale les ouvrages récemment acquis présentant un intérêt du point de vue des programmes de travail de l'Office des Nations Unies à Genève. Les lecteurs désireux de s'informer sur les documents et publications des Nations Unies doivent se référer au bulletin bibliographique intitulé **UNDOC: Current Index**.

La Bibliographie donne une description bibliographique complète de chaque ouvrage, utilisant les règles acceptées au niveau international, telles que les Anglo-American Cataloguing Rules (Règles anglo-américaines d'établissement de catalogues, 2ème édition, 1978) ou celles qui sont énoncées dans la Description bibliographique internationale normalisée (ISBD).

La liste des citations est suivie de trois index: un index par auteurs (vedettes-auteurs et collectivités-auteurs), un index matières y compris les sujets géographiques et un index de titres.
